Seizing opportunities, safeguarding employment!

Hamburg

SERVICE CENTRE FREE MOVEMENT OF WORKERS

The service center for mobile European workers supports fair working conditions and is against exploitation on the Hamburg labour market.

Do you come from an EU member state and work in Hamburg? Were you sent to Hamburg by an employer from an EU Member State? Have you not received your wages? Can you not take holidays? Do you think your working hours are too long?

Or do you have further questions about your employment, working conditions, self-employment or social security?

Our consultation is free of charge.

We advise on topics and questions such as, for example:

- Your rights and duties as an employee or when self-employed
- Remuneration / wages / salary
- Working conditions (holidays, working hours, work safety, etc.)
- Protection against dismissal
- Posting of workers and temporary loan of workers
- General questions about the Income Tax Act
